

LABORATORY
ANIMALS
IN SCIENTIFIC
RESEARCH

Zagreb, 15th May 2018

**Call for Support to the 3rd Congress of the CroLASA and
2nd joint CroLASA-SLAS meeting**

„Laboratory animals in scientific research“

Dear Sir/Madame,

The Croatian Laboratory Animal Science Association (CroLASA) is organising the 3rd Congress of the CroLASA and 2nd joint CroLASA-SLAS (Society for Laboratory Animals of Slovenia) meeting which will take place 25th and 26th October 2018 at the Matica hrvatska hall in Zagreb, Croatia.

The aim of the Congress is to exchange knowledge, experience and ideas from both scientific and professional areas that involve laboratory animals or models and methods that replace them. The Scientific programme will be presented by eminent experts and young scientists from Croatia and Slovenia that use equipment and material provided by Your Company, so we see this Congress as an opportunity for you to interact with participants and promote the latest product lines of interest for the audience. For this purpose, we ensured that all session breaks and poster sessions take place within the exhibition area.

There are several opportunities for your Company to support Congress organisation either by sponsoring the congress activities, or promotion/advertising of your Company on-site and/or in our printed and e-materials. You can find details below.

If you should have any questions or suggestions, feel free to contact us by email at info@crolasa.com or with your application before 15th August 2018.

We are looking forward to welcoming you at the Congress.
Best regards,

Dr. sc. Julija Erhardt
President of CroLASA
e-mail: julerh@gmail.com

Dr. sc. Maja Lazarus
Secretary of CroLASA
